### Employment Field

*BASE VN/T is a compact product based on selected acrylic, wax and dulling agent designed to form a ready to use binder for general purpose base coat application.*

*It has a very good balance of adhesion , low tackiness and softness and is used with excellent results on buffed or full grain upholstery and shoe upper leather.*

*This characteristics together with high resistance to wet rub and flexes, makes BASE VN/T the ideal product to use for many type of base coat.*

*It is generally used by airless or roller coat application with the addition of 6-8% of pigment adjusting viscosity around 50''-60'' (Ford cup nr.4.).*
