

AQ SYSTEM SP 56

Description

Polyurethane in water dispersion

Specifications

<i>Appearance</i>	<i>milky liquid</i>
<i>Dry residue (%)</i>	<i>16-22 %</i>
<i>pH</i>	<i>7,0-9,0</i>
<i>Viscosity</i>	<i>20" - 25 " T.F. nr 4 at 25°C</i>

Employment Fiel

AQ SYSTEM SP 56 is a ready to use matt top coat based on special polymers in water emulsion designed to acheive outstanding soil resistance.

AQ SYSTEM SP 56 it is commonly used as a top coat for white or light colour leather where soil resistance , heat and light resistance to yellowing and excellent cleanability are required. It is generally applied by spray machine (about 2 gr./sq/ft) and crosslinked with CRX 3576 (5-8%) giving excellent wet rub, soil and flexing resistance leaving a natural feel and softness to leather surface.

AQ SYSTEM SP 56 is a ready to use product. Mix well before using.
